Hands on RRI

Opportunities, obstacles and solutions

Melanie Smallman

UCL

Manchester 2016

Exercise 1: Obstacles and opportunities for RRI

In groups, think about the **opportunities and obstacles** presented by RRI to Citizen Science.

One person from each group should be prepared to feed back.

(20 mins for discussion total)

Introduction to the Toolkit

Exercise 2: Finding Solutions and adding resources

In groups, look at the RRI Tools and find some tools that will help you achieve the opportunities offered by RRI and tackle the obstacles.

If you know of any other resource that is not in the toolkit, please upload it now.

Is there anything else that could help you?

We need more money...

Feedback

Thank you for your contribution!

Manchester 2016

How can we get industry to engage with RRI?

- Explain what RRI is
- Provide incentives to engage
- Develop frameworks for ease of implementation
- Consulting services to help personalise

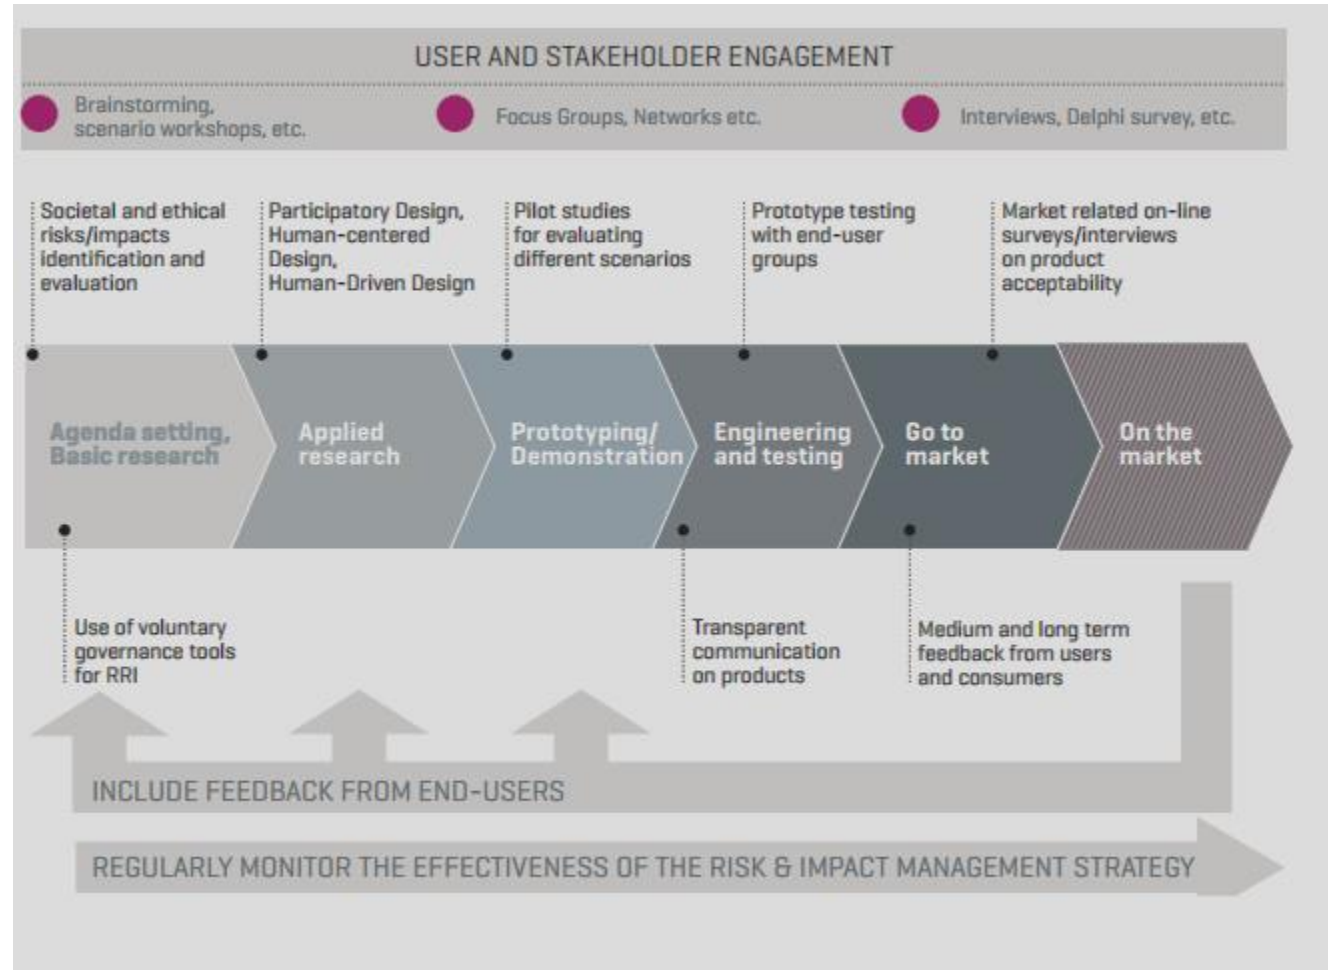

Incentives for engagement

Framework for Implementing RRI in ICT for an Ageing Society

Implementation across the innovation value chain

Tailoring to different company needs
